

Family Tree Craft (History project)

Idea from Good Housekeeping

Supplies:

Paper/Canvas/Piece of Wood
Stamp pads or Paints & Paint brushes
Sharpie Marker/Pen

Step 1: Research your family history with your child.

Step 2: Get creative drawing/painting your tree or use a template to print one!

Step 3: Use a stamp pad and press your child's thumb to it and then press on the sheet paper/canvas to create leaves wherever you choose on your tree. If you do not have a stamp pad you can use a small amount of paint to paint your child's thumb.

Step 4: Add the names of the family members to each leaf or throughout the tree where you choose with a sharpie marker or pen.

Step 5: Let dry and frame! Give as a gift or keep as an art piece in your home!
